- 25 – Secondary Halloween Dance
- 26 – PD Day

I would like to take the opportunity to introduce myself, my name is Mr. Jones. This semester I am teaching grade 11/12 leadership, grade 10 applied mathematics, and junior communications technology.

Each math student must have a basic scientific calculator to assist them throughout their high school career.

I am available for extra help during lunchtime and after school on most days and also by appointment as requested.

I strongly believe communication is key for a successful year. I would ask that you please sign this newsletter and include a **contact number, email address and convenient time to call.**

I would encourage you to contact me with any problems or concerns at school:
